

# 12v multifunctional charging inverter

## Overview

---

**Versatile Power Conversion:** This multifunctional vehicle inverter effortlessly converts 12V/24V DC power from your car to 220V AC power, making it an ideal solution for various applications, including charging your devices on the go. What is a multi-functional inverter/charger?

This is a multi-functional inverter/charger, combining functions of inverter, solar charger and battery charger to offer uninterrupted power support in portable size.

Which power inverter chargers are available?

Inverters R Us carries a full line of power inverter chargers, including those manufactured by: Aims, Go Power!, KISAE, Magnum Energy, Samlex America, Spartan Power, Tripp Lite and Xantrex. Inverter chargers typically have a built in transfer switch that will sense when you are plugged into an AC source such as shore power or a generator.

Can you use a 12V rated inverter charger to power a battery?

You can use a 12V rated inverter charger to power it. The maximum capacity is 600ah, similar to the series. The difference is the voltage because in a series connection it goes up to 36V. If batteries are in a parallel connection, the inverter charger must supply the current needed by every battery.

What is a power inverter with a built-in battery charger?

Power inverters with built-in battery chargers provide a reliable uninterruptible power supply (UPS) for homes, offices, and off-grid systems. These advanced inverter chargers automatically switch between battery power and utility AC power, ensuring that your appliances and electronics continue running during a power outage.

## 12v multifunctional charging inverter
