

WALMER ENERGY

# 350kW Syrian folding container for steel mill

## Overview

---

What is a foldable steel storage container?

Foldable steel storage containers come in three lengths, each with a standard width of 2.1m. The smallest size is compact enough to be used as a garden shed, even in a small back garden in the most restricted of spaces. These products are also modular, so you can expand on storage space at any time by joining the units together.

What is a double steel storage container?

Double steel doors with dual locks are a deterrent to unauthorised access, and the steel structure of the container body makes them wind and waterproof and very resilient to damage. For more detailed technical details on foldable steel storage containers see our Containerstore information page.

Who is the best supplier of steel in Syria?

Through generations, and over 40 years ago, Steel company has proved its efficiency in the domain of steel industry with all kinds and exporting it to many Arab countries as Iraq, Lebanon and Jordan. As it is considered as the greatest supplier of steel in the Syrian republic. High quality products in terms of durability and hardness.

Are foldable steel storage containers safe?

As well as being highly flexible, foldable steel storage containers are also very secure. They are made from galvanised steel which means they are theft and vandal proof.
