

Are there any new energy sites in the Gulf of São Tomé

Overview

The government of São Tomé and Príncipe has announced partnership with the UK-based Global OTEC Resources for the deployment of the first commercial floating ocean thermal energy conversion (OTEC) platform. Who owns block stp02 offshore Sao Tome & Principe?

The French player has signed an agreement with the Agência Nacional do Petróleo de S. Tomé e Príncipe (ANP-STP) to get a hold of a 60% stake and operatorship in Block STP02 offshore Sao Tome and Principe. As a result, the remaining interests will be held by the existing license holders, Sonangol (30%) and ANP-STP (10%).

Is totalenergies doing a liquefied natural gas project in Oman?

TotalEnergies has been a busy bee lately. The firm embarked on drilling activities in the North Sea a few days ago, which followed a final investment decision (FID) for a liquefied natural gas (LNG) project in Oman, envisioned to be powered by solar energy and serve as the first LNG bunkering hub in the Middle East.

Which oil & gas companies are re-opening Africa?

Another oil and gas giant, Brazil's Petrobras, recently acquired stakes in the three exploration blocks in São Tomé and Príncipe. This allows the Brazilian behemoth to re-open its African chapter, following years of absence after it exited Nigeria due to the sale of its interests in three offshore fields. TotalEnergies has been a busy bee lately.
