## Overview

---

Is Bahrain transitioning to solar energy projects?

After the establishment of the Sustainable Energy Unit (SEU) in Bahrain in 2014, a radical transition toward launching solar energy projects can clearly be observed. The SEU was established in collaboration between the national government and the United Nations Development Program (UNDP).

Are Bahrainis willing to pay the full cost of solar PV systems?

According to the cross tabulation results, majority of participants who were willing to pay the full cost of residential solar PV systems were Bachelor degree holders with the average per-capita monthly income for Bahrainis.

What is the barrier to solar panels installation in Bahrain?

The results of the study did not identify a specific item perceived as the barrier to solar panels installation in Bahrain. This is likely due to the relatively new nature of solar panel installation in Bahrain and the participants' lack of clarity on the specifics involved.
