Armenia 40W solar street light

Overview

What is an-SLV solar street light?

AN-SLV series high-power commercial all in one LED solar street light is the latest cost-effective integrated outdoor solar led street lamp launched by Anern. The silver die-cast aluminum lamp body is equipped with a detachable battery box and COB LED lamp. The customized size is from 40W to 150W, suitable for different government projects.

What is anern solar LED street lights?

Anern Solar LED street lights are a solar solution that replaces traditional street lights by combining solar energy and LED light sources. Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones.

Are solar-powered street lights better than traditional street lights?

Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones. Moreover, the power consumption of solar-powered street lights is much lower than traditional types.
