Australia New Energy Project

Energy Storage

Overview

What is the largest battery energy storage project in Australia?

The battery energy storage system project is currently the largest battery energy storage project in Australia under construction. It is planned at Powell Creek to stabilise and store electricity generated from a six-gigawatt solar farm in the Barkly region.

How much money has been invested in battery energy storage in 2025?

In the first quarter of 2025 alone, over AUD 2.4 billion (USD 1.5 billion) was invested in large-scale battery energy storage systems, marking the second-highest quarterly investment ever. These projects added 1.5 GW of storage and 5 GWh of energy output. Several mega-projects are leading this battery storage boom.

Will Australia's upcoming battery projects reduce fossil fuel dependency?

Australia's upcoming battery projects signal a major shift in the national energy landscape reducing the dependency on fossil fuel. Several government schemes like the Capacity Investment Scheme (CIS) aims to deliver the Australian Government's 82% renewable electricity by 2030.

What is Australia-Asia Power Link Bess?

Australia-Asia Power Link BESS The Australia-Asia Power Link BESS is part of SunCable's proposed solar power and transmission project connecting the Northern Territory to Darwin and Singapore. The battery energy storage system project is currently the largest battery energy storage project in Australia under construction.

Australia New Energy Project Energy Storage

Equis launches 1.6 GWh renewable energy hub in Australia

3 days ago · One of Australia's biggest battery energy storage projects has powered up with renewables developer Equis Australia confirming that the 600 MW/1.6 GWh Melbourne ...

Australia activates 1.6 GWh energy storage facility with 444 ...

2 days ago · Australia activates 1.6 GWh energy storage facility with 444 Tesla Megapacks The Melbourne Renewable Energy Hub can power up to 200,000 homes during evening peak ...

Top 7 Upcoming Battery Energy Storage ...

Sep 24, 2025 · The Australia-Asia Power Link BESS is part of SunCable's proposed solar power and transmission project connecting the Northern ...

Australia activates 1.6 GWh energy storage ...

2 days ago · Australia activates 1.6 GWh energy storage facility with 444 Tesla Megapacks The Melbourne Renewable Energy Hub can power up ...

Quarterly Investment Report: Large-scale ...

2 days ago · The third quarter of the 2025 calendar year (Q3) saw energy storage projects continue to charge ahead with new records set, while ...

Batteries lead in record quarter for new Australian projects

May 2, 2025 · Fifteen new connections applications were received in the last quarter, adding 3.5 GW to the pipeline of projects. Image: Australian Energy Market Operator Project ...

Vena Energy Breaks Ground on 408 MWh Battery Energy Storage ...

4 days ago · Owen Sela, Head of Australia at Vena Energy, said the 408 MWh Tailem Bend 3 BESS will be Vena Energy's third energy storage project in Australia, underscoring the ...

Largest battery in southern hemisphere to get even bigger

1 day ago · Origin Energy (Origin) has approved the third stage of its large-scale battery at Eraring Power Station, adding further storage capacity to the project already underway and delivering ...

Sixteen Energy Storage Projects Advance Under \$3.8 Billion ...

Oct 21, 2025 · The new storage projects include multiple high-capacity grid-scale battery installations across New South Wales, Queensland, Victoria, and South Australia, each ...

Origin to "significantly extend" storage capacity of Australia's

1 day ago · Origin Energy has approved a further \$80 million expansion of what will be - at least for a time - the biggest battery storage project in Australia, built at the site of the country's

AGL reaches milestone on 2 GWh Tomago battery - pv magazine Australia

4 days ago · AGL has broken ground on its \$800 million (USD 530.8 million) Tomago battery project being built in the New South Wales (NSW) Hunter region, saying the four-hour duration ...

Batteries lead in record quarter for new ...

May 2, 2025 · Fifteen new connections applications were received in the last quarter, adding 3.5 GW to the pipeline of projects. Image: Australian ...

Quarterly Investment Report: Large-scale renewable ...

2 days ago · The third quarter of the 2025 calendar year (Q3) saw energy storage projects continue to charge ahead with new records set, while momentum for renewable energy ...

Top 7 Upcoming Battery Energy Storage System Projects in Australia

Sep 24, 2025 · The Australia-Asia Power Link BESS is part of SunCable's proposed solar power and transmission project connecting the Northern Territory to Darwin and Singapore. The ...
