

WALMER ENERGY

Australian supplier of 10kW collapsible containers

Overview

Australian company Spectainer has invented a next-generation collapsible container that is set to change the shipping and logistics industry. What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.

Who is the shipping container company?

"The Shipping Container Company has been our supplier of shipping containers for the last 8 years as their quality and pricing have been superior to any other competitors. Purchasing from The Shipping Container Company is simple, easy and the best stock is always sourced for our applications.

How many containers can a collapsecon hold?

COLLAPSECON's innovative and fully automated design allows up to 4 containers to be collapsed and combined, giving them a fully laden weight and enabling them to be transported anywhere on a ship. 1/6 COLLAPSECON collapses horizontally, ensuring the container maintains its structural rigidity in any form.

What are standard 20ft & 40ft containers?

Our range of Standard 20ft and 40ft Containers provides a cost-effective and convenient option for customers wanting general storage that meets required standards and regulations. Whether you need temporary on-site storage or a reliable shipping container, our sturdy, secure and durable Standard Containers are designed to meet your needs.
