Base station of Tajikistan Electricity Company

Overview

Does Tajikistan have a power system?

The existing electrical transmission and distribution systems of Tajikistan, designed in the 1970s during the Soviet era, are also being upgraded and expanded, allowing transmission of power from Tajikistan to surrounding countries.

How will electricity exports benefit Tajikistan?

Profits from electricity exports will contribute to the financial recovery of the Tajik national power utility company, allowing Tajikistan's electrical utilities to reconstruct existing power infrastructure and attract financing for construction of new generation and transmission infrastructure.

Is Dushanbe 2 a coal-fired power plant in Tajikistan?

Project-level coal details Dushanbe-2 power station is the only coal-fired plant in Tajikistan and one of the two thermal power plants, the other one being the gas-fired Dushanbe-1 power station.

Does Tajikistan need electricity?

Tajikistan's electricity needs are largely supplied by hydroelectric power thanks to its abundant water resources, namely the rivers Amu Darya and Syr Darya with a total length of 28 500 km, as well as several glaciers with a total volume of 845 km³ (MEWR, 2021a). It has relatively little thermal generation.
