Battery inverter for sale

Overview

What is an inverter battery?

The inverter battery and inverter cables are usually connected to the power connection of the home. An inverter battery for home can be any rechargeable or secondary or storage battery (electrochemical power source) like a lead-acid battery, nickel-cadmium battery or Li-ion battery.

Where can I buy Inverter Batteries?

You can buy the inverter batteries mentioned in this article by clicking on the Amazon link given in this article. Make sure to cross-check the specifications before making a purchase to be an informed buyer.

What type of batteries does this inverter support?

This inverter supports a flat plate, tubular, and SMF battery. It comes with an LCD and is backed by an intelligent 32 bit DSP processor. Moreover, it comes with a 6 water level indicator battery that requires minimum maintenance.

What are the different types of Inverter Batteries?

There are several types of inverter battery. Here are few of them: Lead acid batteries are the most common inverter batteries. These are rechargeable in nature and produce large amount of current. They are light in weight and most economical. They usually last for 3-4 years. But they require regular maintenance.
