

# **Belgian battery energy storage companies**

## Overview

---

What is the largest battery storage project in Belgium?

Construction has started on what will be the largest battery storage project in Belgium at 25MW/100MWh when completed later this year. Nala Renewables' lithium-ion battery energy storage system (BESS) will come online at metals conglomerate Nyrstar's zinc smelting operation in Balen, in Belgium's Flemish region, by the end of 2022.

What is the energy storage project in Belgium?

The main energy storage project in Belgium is the construction and operation of an offshore "energy atoll" (essentially a manmade offshore pumped-storage facility), for which the Electricity Act has been modified in 2014 (see below), in order to support offshore wind-generated electricity production.

Why are battery storage projects taking off faster in Belgium?

Battery storage projects in Belgium have taken off quicker than in the rest of mainland Europe thanks to more storage-friendly market rules. The market has some strong drivers for storage including a lack of grid flexibility and good interconnection with other markets.

Where is Europe's largest battery energy storage system located?

Engie and Sungrow have commissioned the first 400 MWh phase of mainland Europe's largest battery energy storage system in Vilvoorde, Belgium, with full capacity due by end-2025.

## Belgian battery energy storage companies

---

TotalEnergies Launches New Battery Storage ...

Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage ...

---

Belgian fund invests in 600-MWh battery storage project , Energy

Jun 16, 2025 · Energy storage battery. Photo by Anna Vasileva The project is developed in Vise, Liege province, in partnership with Belgian energy company Luminus. The facility is designed ...

---

ENGIE and NHOA Energy Collaborate for 320 MWH BESS

2 days ago · ENGIE awards NHOA Energy a 320 MWh battery storage system in Belgium to enhance grid stability and renewable integration.

---

Top 100 Battery Storage Companies in Belgium (2025) , ensun

Battery Supplies specializes in a wide range of battery storage solutions, offering both residential and industrial options, including home batteries and large-scale energy storage systems. Their ...

---

Top 10 Battery Manufacturers In Belgium

Apr 7, 2025 · Belgium is one of the countries in Europe with a thriving technology industry, including the battery manufacturing sector. Companies in Belgium contribute greatly to ...

---

I4B Backs 600MWh Battery Project in Belgium

Jun 16, 2025 · I4B - The Belgian Infrastructure Fund - has announced a EUR30 million investment in a major battery energy storage system (BESS) project in Visé, Belgium. The 600MWh facility, ...
