# Belgian new energy storage company

## Overview

---

Is totalenergies developing a second battery storage project in Belgium?

Download the Press Release (PDF) Antwerp, April 3, 2024 – On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the development in Belgium of a second similar project. The new project will be developed on the site of TotalEnergies' depot in Feluy.

Who is Giga storage Belgium?

Free use when crediting photographer Tobias Regell. GIGA Storage Belgium is an energy company that develops and deploys large-scale energy storage projects within the Belgian energy network. The aim is to play a key role in securing Europe's future electricity supply, with the ambition to achieve 3 GW of battery storage in Belgium before 2030.

How much battery storage does Belgium have?

Belgium's battery storage buildout remains modest relative to peer nations. As of 2023, the country had under 200 MWh of operational large-scale battery capacity, compared to over 2 GWh in the UK and more than 1 GWh in Germany.

When will totalenergies start-up in Belgium?

Start-up is expected at the end of 2025. These two projects, which represent a global investment of nearly €70 million, will bring TotalEnergies' storage capacity in Belgium to 50 MW / 150 MWh. These battery storage sites play a key role in the resilience of the electricity system, providing flexibility and helping solve grid congestion problems.
