

WALMER ENERGY

Brussels Group Energy Storage Project

Overview

What is bstor & Energy Solutions Group doing in Belgium?

BSTOR and Energy Solutions Group have started building BESS projects totalling 440MWh of capacity in Belgium, using Tesla Megapacks.

What is the D-Stor battery storage project in Belgium?

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

Can battery storage parks energize the green transition in Belgium?

The milestone of reaching financial close was celebrated as a significant step towards energizing the green transition in Belgium. Olivier Bouchat of Wallonie Entreprendre highlighted the importance of battery storage parks in stabilizing Belgium's energy grid, especially with the increasing reliance on decarbonized energy sources.

Why is battery storage important in Belgium?

Olivier Bouchat of Wallonie Entreprendre highlighted the importance of battery storage parks in stabilizing Belgium's energy grid, especially with the increasing reliance on decarbonized energy sources. Wallonie Entreprendre's investment supports the region's transition to a more sustainable and circular energy future.
