

# **Buenos Aires Solar Base Station EMS Project**

## Overview

---

Who will sign the energy storage contracts in Buenos Aires?

The energy storage contracts will be signed with leading electricity distributors in Buenos Aires, Edenor, and Edesur, while the Wholesale Electricity Market Administration Company (CAMMESA) will be the guarantor.

Does Argentina have a battery energy storage system?

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program.

How much is a battery energy storage system (BESS) project worth?

The Energy Secretariat of Argentina's Ministry of Economy has launched a global tender for 500 MW of battery energy storage system (BESS) projects in the Metropolitan Area of Buenos Aires' (AMBA) critical nodes. The project's estimated value is \$500 million, with an execution period of 12 to 18 months.

How much money will Buenos Aires invest in a new storage system?

This initiative, unprecedented in the South American country but already applied worldwide, seeks to add 500 MW of storage capacity in critical nodes of the Metropolitan Area of Buenos Aires (AMBA), with an estimated investment of \$500mn and an execution period of 12-18 months.
