

# Central Asia Energy Storage solar Panel Factory

## Overview

---

What is Uzbekistan's First Energy Storage Project?

Installed with Sungrow's cutting-edge liquid-cooled ESS PowerTitan 2.0, this facility marks Uzbekistan's first energy storage project and stands as the largest of its kind in Central Asia. The project will play a pivotal role in driving the region's energy transition forward and setting a sustainable precedent.

What does a solar industry association do?

The association acts as an informant, consultant and mediator in the areas of activity between industry, politics and consumers. On-site PV factory audits, quality inspections, and laboratory tests. Implement Zero Risk Solar and secure your solar quality supply chain. Specialized in solar energy and energy storage.

Who is sinovoltaics group?

Sinovoltaics Group assists solar PV and BESS developers, EPCs, utilities, financiers, and insurance companies worldwide with the execution of ZERO RISK SOLAR® Projects - implemented by our multinational team of solar PV and BESS specialized quality engineers and auditors on-site in Asia.

Why is sinovoltaics a sustainable company?

As part of our commitment to sustainable and responsible business practices, Sinovoltaics has embedded the Ten Principles of the United Nations Global Compact into strategies and operations, and committed to respecting human and labour rights, safeguarding the environment, and working against corruption in all its forms.
