Why should you choose solar water pump manufacturers in Africa?

The solar water pump manufacturers in Africa are actively engaged to bring innovative and safe products that cater diverse needs for a reliable and affordable supply of water which is essential for better living. The top 10 companies ensure that high-quality output reaches African nations each time they invest with them month on month!.

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.

What is a solar water pump?

A solar pumping system usually has a reversible motor opposed to common AC electric pumps which simply fail when the temperature of water falls above freezing. There are a number of prominent companies that manufacture these inventive pumps across Africa. Top 10 Solar Water Pump Companies in Africa
