China portable power station in Bolivia

Overview

Does China support hydropower projects in Bolivia?

In line with the push for environmentally friendly Belt and Road Initiative (BRI) infrastructure projects and Bolivia's former President Evo Morales' "2025 Patriotic Agenda" to transform Bolivia into a regional energy hub, China has supported six hydropower energy projects in the country.

How many BRI hydroelectric power projects have been completed in Bolivia?

This article examines evidence of six BRI hydroelectric power projects in Bolivia. Satellite imagery shows that two hydroelectric power plants (HPP), San Jose I and II, have been completed. However, for the other four hydroelectric power projects, construction has not or has barely begun.

Are Bolivia's hydroelectric power projects destroying indigenous peoples?

While the hydroelectric power projects are meant to expand Bolivia's clean energy supply, the projects have had damaging consequences, including the displacement of indigenous peoples and destruction of the wildlife and biodiversity, countering Morales' platform championing indigenous rights.

How many infrastructure projects will China and Bolivia build?

In 2015, China and Bolivia signed an official agreement for China to construct 13 infrastructure projects, including the Chepete-El Bala Complex.
