What Is an Automatic Transfer Switch?

How many automatic transfer switch manufacturers are there?

Also, please take a look at the list of 27 automatic transfer switch manufacturers and their company rankings. Here are the top-ranked automatic transfer switch companies as of July, 2025: 1. People Electric Appliance Group Co., Ltd., 2. Sigma Elektrik, 3. NR Electric Co., Ltd.

What is an automatic transfer switch?

An automatic transfer switch (ATS) is a device that automatically switches from the main power source to a backup power source in case of a power supply anomaly. When the power supply is interrupted or its quality falls below standards, the ATS automatically connects to the backup power source to maintain electricity supply.

What are the advantages of an automatic transfer switch?

The advantage of an automatic transfer switch lies in its ability to automatically detect power interruptions and respond swiftly. Automatic and manual transfer switches are chosen based on a balance of speed and cost, depending on their specific applications. \*Including some distributors, etc.
