

Dublin Niccia Battery Cabinet

Overview

Are lithium-ion batteries safe to store in Ireland?

When storing lithium-ion batteries, ensuring fire safety and compliance with Irish regulations is critical. Our range of certified storage cabinets offers fire protection, durability, and peace of mind for businesses and facilities across Ireland.

What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

What is a battery cabinet?

Our battery cabinet, also known as a battery enclosure or battery rack, is a specialized cabinet or housing designed to store and protect batteries used in various applications, including backup power systems, uninterruptible power supplies (UPS), renewable energy storage, telecommunications, and electric vehicles.

What is a lithium fire Cabinet 1 door?

The Lithium Fire Cabinet 1 Door offers 60 minutes of fire resistance and features a self-closing, lockable door. It operates on a 230v power supply and includes an integrated audio/visual alarm system, smoke detector, and pressure relief valve.
