

WALMER ENERGY

# EU solid-state solar container battery company

## Overview

---

What is the battery storage Europe platform?

BRUSSELS, Belgium (Tuesday 1 July 2025): SolarPower Europe has officially launched the Battery Storage Europe Platform, a major new initiative to drive forward the business case and regulatory framework for battery storage across the European Union. Juhi Dion Sud, newly appointed Head of the Battery Storage Europe Platform, said:..

How many battery energy storage systems are there in the EU?

Dion Sud continued: “The EU currently has just over 50 GWh of battery energy storage systems (BESS). To stay on track for the 2030 renewables targets, this must increase to between 500 and 780 GWh. Our core ask: 10X more battery storage in 5 years.”.

Who makes solid-state batteries?

Solid-state batteries are emerging as a promising technology for electric vehicles (EVs) and energy storage, offering potential improvements in safety, energy density, and charging speed. Below is a list of the top 20 manufacturers, based on industry reports and company profiles, with detailed information on each. 2 1. QuantumScape Corporation 3 2.

Who can participate in the battery storage Europe platform?

Participation in the Battery Storage Europe Platform is open to members of SolarPower Europe. Strategic Partnership opportunities are also available for organisations interested in taking a leading role in the work of the Platform. Get in touch to explore your involvement with the Platform.
