

WALMER ENERGY

# Energy storage project in Gothenburg Sweden

## Overview

---

What is Sweden's largest energy storage investment?

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS) have come online in Sweden to deploy 211 MW / 211 MWh into the region.

What is Sweden's largest battery storage system?

Sweden's largest battery storage system was commissioned in Gothenburg. Stena Recycling's subsidiary Batteryloop installed its BLESS III system, storing 2.8 megawatts in reused Mercedes EV batteries and already helping power a whole new neighbourhood.

Why did batteryloop install energy storage in Gothenburg?

In Gothenburg, Batteryloop installed energy storage in the middle of the city's electricity grid. The company adds that the installation allowed the new Humlestaden district to contribute positively to Gothenburg "even before the district is fully developed" by supporting the local grid with power during peak hours.

How will the Gothenburg battery factory benefit the environment?

In a unique collaboration between the city and the battery factory, purified wastewater from Gothenburg residents will be used for cooling during production. The heated water will then be reused in the district heating network, benefiting both the environment and the city's residents.

## Energy storage project in Gothenburg Sweden

---

Gothenburg - a vital cog in Sweden's green industrial ...

Jan 13, 2025 · Gothenburg plays a key role in Sweden's green industrial shift, with a focus on electrification, sustainable solutions, and the growing battery sector.

---

Battery Storage TERRA designed for energy grid stabilisation in Gothenburg

Sep 26, 2025 · Battery energy storage system operates to fulfill the energy grid stabilization requirements in Sweden. The project is specifically geared towards providing Fast Frequency ...

---

Sweden switches on largest battery energy storage system ...

Oct 14, 2024 · But neither were built and energized by the time RES switched on the Elektra Energy Storage Project, a 20 MW / 20 MWh project, called Sweden's largest battery storage ...

---

Sweden's largest energy storage system ...

Oct 17, 2023 · In the south-western part of the Högsbo industrial area in Gothenburg, Stena Fastigheter and Ikano Bostad are planning for a new ...

---

Start of construction for NOVO Energy -- NOVO

Mar 6, 2024 · NOVO Energy, the joint venture between Northvolt and Volvo Cars, celebrated the start of construction for its highly anticipated battery factory in Torslanda, Gothenburg. Located ...
