

# **Estonian solar remote power system**

## Overview

---

The European Investment Bank (EIB), together with local commercial banks SEB and Luminor, is lending the Estonian renewable energy company Sunly €62 million to build and operate a solar park in the country, accelerating the Baltic region's green transition and electricity independence. What is the largest solar project in Estonia?

Together with our lead partner Connecto, Sunly, the project developer and investor, has awarded us the contract for the engineering and construction of the Risti 244 MW solar power plant in Estonia. This impressive solar project is currently the largest PV project in the Baltic States and in Estonia in particular.

How many MW of solar power for Estonia?

Dornier Group Start / Aktuelles / A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia! A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia! Great news from our Renewables business unit!.

What's new at Kirikmäe solar park in Estonia?

With an installed capacity of 77MW, the Kirikmäe solar park doubles the capacity of the previous 'largest' plant in Estonia. Image: Evecon. Estonian energy company Evecon and French asset manager Mirova have reached operational status at a 77.53MW solar park in Estonia.

Will Estonia build 84MW solar-plus-storage portfolio in Latvia?

Earlier this year, the Estonian company partnered with Clean energy investment company Niam Infrastructure to build an 84MW solar-plus-storage portfolio in Latvia. The portfolio would be carried out in two phases, with the construction of 40MW of solar PV across six sites in a first phase.
