

# **Georgia base station energy storage equipment hybrid power supply**

## Overview

---

Who sanctioned battery energy storage systems in Georgia?

The systems are sanctioned by the Georgia Public Service Commission through the Integrated Resource Plan. Credit: Georgia Power. US-based electric utility Georgia Power has commenced construction of new battery energy storage systems (BESS) across the state of Georgia, totalling 765MW capacity.

How many MW is a Bibb & Lowndes power plant?

The projects, with a total capacity of 765MW, will be developed in Bibb, Lowndes, Floyd and Cherokee counties. The systems are sanctioned by the Georgia Public Service Commission through the Integrated Resource Plan. Credit: Georgia Power.

Does Georgia Power have a Bess project?

Georgia Power is also collaborating with the Georgia PSC to procure an additional 1GW of BESS capacity through competitive bidding and is developing a 13MW demonstration project at Fort Stewart army installation near Savannah, Georgia.

What is Georgia Power's 530mw Bess project?

Stay proactive with real-time data and expert analysis. The largest of the projects, McGrau Ford Phase I and II BESS in Cherokee County, will have a combined capacity of 530MW. By using company-owned land and the same construction company, Georgia Power aims to achieve efficiencies in contracting and construction.
