

# Gtc glass dome solar system

## Overview

---

What is a Solar dome tent?

Equipped with a smart home system and integrated wastewater treatment system, the solar dome provides comprehensive convenience and comfort for glamping life. With a diameter of 6 meters and an area of 28 square meters, this solar-powered dome tent boasts luxurious interior decoration and is suitable for accommodating two people.

What is a Powerdome glamping tent?

INQUIRY US The PowerDome is our latest innovative glamping tent, a solar-powered tent. It has solar panels that harness sunlight to generate electricity. Photovoltaic glass covers the tent's roof, capturing sunlight throughout the day to maximize energy absorption and storage.

What is the mission of solar power in Turkey?

Our mission is to ensure that the solar power industry grows and settles in Turkey as a true local and national industry. Our aim is to be a world brand capable of designing and manufacturing the best solar products in respect of quality and efficiency We offer our customers the following services for free of charge:
