Overview

Who are SolarHome ie?

Drop us a line! info@solarhome.ie Trust Ireland's premier solar energy providers since 2006. Our expert solar panel installers deliver premium solar panels and installation services with SEAI solar grants available for maximum savings.

Are solar panels suitable for Ireland?

Solar photovoltaic (PV) panels capture sunlight to produce electricity for your home. They work even on cold, cloudy and rainy days and are absolutely suitable for Ireland. Adding solar panels is something you can undertake as a standalone energy upgrade or as part of a deeper retrofit of your home.

How much do solar panels cost in Ireland?

In 2025, the cost of solar panels in Ireland varies depending on your system size, battery choice, and home type. Most homes will pay between €5,200 and €9,000 for a standard solar PV system. Adding a battery typically increases the total cost to €10,000–€14,500, but may also boost savings over time.
