

# **How is BESS the outdoor communication power supply company in Kuala Lumpur**

## Overview

---

What is a battery energy storage system (Bess) in Malaysia?

1. Ditrolic Energy Ditrolic Energy is at the vanguard of Malaysia's transition to sustainable energy, offering versatile Battery Energy Storage System (BESS) solutions. These systems are not just stand-alone; they can be integrated with solar, wind, or microgrid setups, underpinning a future-proof energy strategy.

What is Bess & how does it work in Malaysia?

In alignment with Malaysia's visionary target of sourcing 70% of its energy from renewables by 2050, BESS emerges as a cornerstone technology. It provides a dynamic buffer that seamlessly adjusts to the variable nature of green energy sources, thus ensuring a steady and reliable flow of clean power.

What is Bess (battery energy storage system)?

That's where BESS (Battery Energy Storage System) comes in. Think of BESS as your solar's power bank — it stores the energy your panels produce, so you can use it anytime, even after the sun goes down. What is BESS?

BESS (Battery Energy Storage System) is the missing piece that takes your solar investment further.

Can Malaysia emerge as a key player in the Bess industry?

With supportive policies and rich renewable resources, Malaysia can emerge as a significant player in the BESS industry. A central pillar of MyRER's post-2025 strategy involves prioritising cost-effective energy storage solutions, including battery storage.
