# How much does a Laos power storage vehicle cost

## Overview

---

Why is Lao promoting electric vehicles?

The Lao government is strongly encouraging the use of electrically powered vehicles in a bid to reduce the need for imported fuel and ensure greater energy security.

How many electric vehicles have been imported into Laos?

As of April 2023, a total of 3,895 electrically powered vehicles had been imported into Laos, of which 1,773 were motorbikes. VIENTIANE, Oct. 1 (Xinhua) -- Due to the spiraling cost of fuel, more and more people in Laos are switching to electric vehicles (EVs) with the aim of saving fuel costs and reducing air pollution.

How much does Lao government spend on fuel?

In July, the Lao government imported about 65 million U.S. dollars of diesel and 20 million dollars of regular and premium grade petrol. In August, the spending dropped to 58 million dollars for diesel and 17 million dollars for regular and premium grade petrol, official data showed.

How much money did Laos spend on petrol in August 2022?

In August, the spending dropped to 58 million dollars for diesel and 17 million dollars for regular and premium grade petrol, official data showed. Citizens queue up for fuel at a petrol station in Vientiane, Laos on May 12, 2022. (Photo by Kaikeo Saiyasane/Xinhua) That was because the government is encouraging the use of electric vehicles.
