How to install a multifunctional battery cabinet

Overview

How do I mount a battery cabinet?

The battery cabinet is designed to mount in a standard 19" or 23" wide relay rack or on a wall. Refer to Figure 3 and install the 19" or 23" relay rack mounting angles to the battery cabinet. Mounting hardware is provided with the battery cabinet.

How to install a battery charging and storage cabinet?

Take the cabinet to the installation location. Carefully unwrap the battery charging and storage cabinet. Remove it from the wooden pallet. The cabinet will already be equipped with footing that allows it to be put in place on the flat, even surface with little to no fuss.

Where do I install a line-up and match Battery Cabinet?

Line-up-and-match battery cabinets are installed adjacent to the UPS. The recommended installation location is on the right side of the UPS cabinet. See Figure 2 and Figure 3 for line-up-and-match configuration views. Contains two or three battery strings to be used with the 93E 30 kVA UPS.

How do you connect a battery cabinet to a power system?

Connect the power system's battery cable terminated in an Anderson connector to the first battery cabinet's battery cable terminated in a mating Anderson connector. Connect the second battery cabinet's battery cable terminated in an Anderson connector to the fixed mating Anderson connector located on the first battery cabinet.
