Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

Who is cm batteries?

CM Batteries has been building custom battery pack for over 15 years. We can offer expert technical advice, design and produce high-safety, high-performance lithium battery packs to meet your devices voltage, current, and capacity requirements.

What is a custom 18650 battery pack?

With a wide range of capacity options and flexible configurations, the custom 18650 battery pack is a popular choice for medical devices, robotics, and IoT applications. Our CTO proudly has more than 15 years of experience in cell chemical study and 18650 cell manufacturing.

How many unique battery pack designs are there?

In that time, we have developed over 3,000 unique battery pack designs that have endured some of the world's harshest conditions. Our UK purpose built factory allows us to design, test, and manufacture under one roof meaning we can deliver on your project every time.
