

Intelligent Mobile Energy Storage Container for Wastewater Treatment Plants in Uruguay

Overview

What is an intelligent containerised waste water treatment plant?

Intelligent containerised waste water treatment plants are ready to use immediately on delivery. A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary.

What is a Biocell water containerised wastewater treatment plant?

Biocell Water containerised wastewater treatment plants offer a fast and effective above ground portable wastewater treatment system solution for any site, without the need for any existing infrastructure. Containerized mobile treatment systems are ready to use immediately on delivery and cater from 60 persons to 20,000 persons capacity.

What is a containerised mobile sewage treatment system?

Containerized mobile treatment systems are ready to use immediately on delivery and cater from 60 persons to 20,000 persons capacity. A containerised portable sewage treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary.

What is intelligent integrated waste water treatment container?

Based on AAO-MBR technology, our patented intelligent integrated waste water treatment container is a new type of waste water treatment container with high-throughput plate microfiltration membrane as the core component.

Intelligent Mobile Energy Storage Container for Wastewater Treatment

Mobile water treatment in container

A water treatment plant in container is a complete solution, assembled and tested off-site at our factory. The solution is complete with all internal ...
