

WALMER ENERGY

# Inverter rain cover and price

## Overview

---

Why do you need a solar inverter cover?

**Durability:** Made from marine-grade aluminium, our solar inverter covers offer superior protection against the elements, ensuring weather protection and contributing to a longer life for your solar inverters. **Ease of Use:** Simple assembly and installation make it easy to protect your inverter in no time.

How much does a solar inverter cover cost?

For solar inverter covers and our universal battery cover, the postage cost is a flat \$40 across Australia for one and \$75 for two. For Tesla Powerwall covers, the postage cost is \$75 for one cover and \$115 for two covers. How can I access my inverter or battery once the cover is installed?

Our inverter covers have a front panel that can be opened.

Does sunny cover solar inverter?

Luckily, at Sunny Covers, we have affordable and durable covers for solar inverters for all major brands, including Fronius, Sungrow and Goodwe. No matter what kind of solar setup you have, we have an inverter shade solution that will protect your investment and ensure your solar system operates without a hitch.

Why should you buy a solar inverter cover in Australia?

Our solar inverter covers and battery covers are thoughtfully designed right here in Australia, ensuring they meet the unique needs of our harsh climate. Join the many Australians who have chosen to support a homegrown business committed to delivering top-tier products and exceptional customer service.
