

Kosovo New Energy solar Power Generation solar Site

Overview

Why is the EIB funding a solar plant in Kosovo?

The EIB is providing €33 million for the construction of one of Kosovo's largest solar photovoltaic plants. The new plant will contribute to higher energy security and the phasing out of coal-based power generation.

How can Kosovo improve its energy sector?

The Government of Kosovo aims to put its energy sector on a sustainable path, through developing renewable energy potential, improving energy efficiency, closing a 50-year-old power plant, and rehabilitating another old power plant.

Why does Kosovo need a new power plant?

The Government of Kosovo has recognized the need for additional power plant capacity to meet the long-term security-of-supply concerns present in Kosovo and provide the country's necessary baseload electricity. As part of this strategy, the Kosovo e Re Power Plant will replace the current outdated units of the Kosovo A Power Plant.

Why is Kosovo building a photovoltaic plant?

Kosovo's Minister of Finance, Labour and Transfers Hekuran Murati said: "The signing of today's agreement for the construction of the photovoltaic plant is a landmark moment as Kosovo advances its initiatives to secure renewable energy use for its citizens."

Kosovo New Energy solar Power Generation solar Site

YILDIRIM Energy Initiates 109 MW Solar Development in Kosovo

May 21, 2024 · YILDIRIM Energy, the energy subsidiary of the Türkiye-based YILDIRIM Group, has announced its expansion into the Kosovo market, focusing on renewable energy, ...

Coal plant operator KEK to begin construction of Solar4Kosovo PV ...

Sep 16, 2025 · After four years of planning, a former coal ash dump is about to be turned into the biggest solar power plant in Kosovo*. KEK is running the Solar4Kosovo 1 project at a site near ...

Solar4Kosovo: EU Funds New 100 MW Solar Power Plant in Kosovo

Sep 19, 2025 · Discover Solar4Kosovo, a new 100 MW solar power plant funded by the EU to help Kosovo transition from coal to renewable energy and meet its 2031 goals.

First photovoltaic power plant for Kosovo , KfW ...

1 day ago · The executing agency for the plant is qualified in the maintenance and operation of the plant as well as forecasts for solar power generation. The cost is EUR 104 million, which will ...

EIB boosts green transition with EUR33 million for new solar plant in Kosovo

Mar 20, 2024 · The European Investment Bank (EIB) has signed a EUR33 million investment loan to construct one of its largest solar photovoltaic plants near Pristina. This plant, with a capacity of ...

Kosovo: new solar plant accelerating green ...

By increasing the share and capacity of solar energy in power generation, the project will contribute to energy supply security, a faster green transition ...

Unisolar's 7.4 MW Solar Project Powers ...

Apr 4, 2025 · Discover how Unisolar's landmark 7.4 MW solar project at the historic Trepça mining complex is accelerating Kosovo's transition to ...

Kosovo* receives financing for 120 MW solar ...

Mar 24, 2024 · The EIB is providing a EUR 33 million loan for KEK's solar power project of 120 MW in peak capacity on its former coal ash dump.

Kosovo: EIB accelerates green transition with EUR33 million for new solar

Mar 18, 2024 · To support the green transition in Kosovo*, the European Investment Bank (EIB) has signed a EUR33 million investment loan for the construction one of its largest solar ...

Kosovo: EIB accelerates green transition with ...

Mar 18, 2024 · To support the green transition in Kosovo*, the European Investment Bank (EIB)

has signed a EUR33 million investment loan for the ...

Kosovo: EIB accelerates green transition with EUR33 million for new solar

Mar 22, 2024 · The new plant will contribute to higher energy security and the phasing out of coal-based power generation. To support the green transition in Kosovo*, the European Investment ...

Kosovo: EIB accelerates green transition with ...

Mar 22, 2024 · The new plant will contribute to higher energy security and the phasing out of coal-based power generation. To support the green ...

Kosovo* receives financing for 120 MW solar power plant on ...

Mar 24, 2024 · The EIB is providing a EUR 33 million loan for KEK's solar power project of 120 MW in peak capacity on its former coal ash dump.

Unisolar's 7.4 MW Solar Project Powers Kosovo's Energy Future

Apr 4, 2025 · Discover how Unisolar's landmark 7.4 MW solar project at the historic Trepça mining complex is accelerating Kosovo's transition to renewable energy and independence.

Kosovo: new solar plant accelerating green transition

By increasing the share and capacity of solar energy in power generation, the project will contribute to energy supply security, a faster green transition and economic growth in the ...
