Kuala Lumpur Communications 5G base station construction in 2025

Overview

Is Malaysia's first indoor 5G network in a commercial building?

KUALA LUMPUR: EDGEPOINT Towers Sdn Bhd, a subsidiary of ASEAN's leading telecommunications infrastructure provider EdgePoint Infrastructure, has collaborated with Sunway Group to introduce Malaysia's first indoor 5G network in a commercial building.

Is Malaysia a frontrunner in 5G advanced deployment?

DNB and Ericsson's partnership places Malaysia as a frontrunner in 5G Advanced deployment. Enterprises could replace traditional wi-fi with 5G-powered workspace network infrastructure. Malaysia's 5G Advanced rollout has moved forward, as Digital Nasional Berhad (DNB) and Ericsson announce a new partnership.

What is Malaysia's 5G rollout?

Malaysia's 5G rollout has been a central part of its connectivity strategy, with Digital Nasional Berhad (DNB) leading the deployment of 5G infrastructure as the single wholesale network provider. The rollout aims to provide widespread 5G coverage by 2025, unlocking opportunities for advancements in smart cities, healthcare, and logistics.

Will Malaysia have a 5G network by 2025?

The rollout aims to provide widespread 5G coverage by 2025, unlocking opportunities for advancements in smart cities, healthcare, and logistics. In May 2023, the Malaysian government announced plans to introduce a second 5G network provider, contingent on DNB reaching 80% population coverage.
