

# **Kuala Lumpur centralized energy storage enterprise**

## Overview

---

Who is Eve energy storage Malaysia?

The project will be executed by its wholly-owned subsidiary in Malaysia, Eve Energy Storage Malaysia Sdn Bhd, located in Kulim City, Kedah State, as an expansion of its existing production facility. The construction period will not exceed 2.5 years, with a land area of about 484,000 square meters.

Why is Malaysia expanding its energy storage facility in Kedah?

This significant expansion of its existing Kulim facility in Kedah state underscores Malaysia's growing strategic importance in the global shift towards sustainable energy and is set to power the regional demand for advanced energy storage solutions.

Will Eve energy build a new battery project in Malaysia?

Eve Energy plans to build a new battery project in Malaysia to further expand its footprint in Southeast Asia. The Chinese battery giant plans to build a project in Malaysia for the production of energy storage batteries, with an investment of no more than RMB 8.65 billion (\$1.2 billion), according to a stock exchange announcement on June 27.

Where is Kulim energy storage facility located?

The facility will be located in Kulim, Kedah, within the Kulim Hi-Tech Park, and will primarily support the company's international energy storage business. EVE.
