

WALMER ENERGY

# Ladder battery pack

## Overview

---

What is a battery ladder?

The Battery Ladder (TM) battery organizer conveniently holds your AA batteries. Store up to 20 AA batteries or 28 AAA batteries in one holder. All AA and AAA battery brands will fit easily. Storing in a cluttered bin results in over-using the batteries on the top of the pile till they wear out.

What is a ladder safety pack?

The Pack is made up of a ladder safety handbook and stickers to be distributed to relevant workers. The ladder safety handbook advises workers when they can use ladders for specific jobs and when they should consider other equipment, such as scissor lifts.

How do you use a battery organizer?

Put the newly recharged batteries in through the top and the oldest will dispense from the bottom. STACKABLE - Stack multiple Battery Ladder (TM) towers for extra tall battery storage and to show off to your co-workers. WALL HANGABLE - Use the built-in notch to hang this battery organizer on the wall for easy access.
