

Liechtenstein Supercapacitor Company

Overview

SECH designs, develops and supplies customized energy storage and power delivery solutions based on ultracapacitors, also known as supercapacitors for applications in automotive, mass transportation, electricity generation and distribution as well as industrial markets.

Compact supercapacitor designs cater to niche markets with specific needs. Focus on miniaturization of supercapacitors for electronic devices and wearables. Engages in diverse technological solutions, including advanced energy storage products. Integrates supercapacitor technology into solar energy systems, improving energy efficiency.

What does a supercapacitor manufacturer do?

Manufactures capacitors with emphasis on supercapacitor technologies for electric applications. Manufacturing expertise ensures large production volumes to meet demand. Focus on R&D to enhance product efficiency and market adaptability. Contributes to the energy storage market with focus on supercapacitors and integrated solutions.

Who are the top ranked supercapacitor companies in 2025?
