

Majuro Power Grid Wind Solar and Energy Storage Subsidy

Overview

Why does Majuro need a new power system?

In order to stabilize power service, the Marshalls Energy Co. was forced to import more than half-a-dozen rental containerized generators last year that currently provide the backbone of Majuro's power. International donors and the Marshall Islands government have lined up to fund a huge overhaul of the power system for Majuro.

Where can I find information about a Japan Energy Hub Pro subsidy?

Japan Energy Hub Pro members can see more details about each subsidy including application timeline, applicant and project eligibility, and examples of projects awarded the subsidy in the past among other things by clicking on the subsidy name.

What subsidies are available in Japan?

A variety of other subsidies for the promotion of renewable power generation and consumption is available in Japan in addition to the FIT and FIP subsidy schemes. The subsidies are financed using Ministry of Economy, Trade and Industry's and Ministry of Environment's budgets and operated by a variety of organizations.
