

# Manila Solar Road Power System

## Overview

---

Where is solar power project planned in the Philippines?

It is planned in Central Luzon, Philippines. The project is currently in permitting stage. It will be developed in single phase. The project construction is likely to commence in 2022 and is expected to enter into commercial operation in 2023. The project is being developed and currently owned by SJC Solar Power.

Who is solaready PH?

Solaready PH exists to make the difference in electricity generation. We specialize in harnessing solar power for both small and large-scale installations. We offer a diverse menu of products and services—ranging from grid and off-grid solar panels to solar generators—that are most cost-effective and which provide the highest environment benefits.

Who is philergy solar systems?

PHILERGY is a German-Filipino supplier of high-quality German solar systems, engineered and installed by German experts with headquarters in Metro Manila, Philippines. and save thousands on electricity! German engineering and project management Remote monitoring and instant troubleshooting Read how PHILERGY Solar Systems work by clicking here. 1.
