

# **Mauritania Solar Container 60kWh Payment Method**

## Overview

---

What does Mauritania's new solar-wind power plant mean for the world?

Mauritania has signed its first independent power producer contract, a \$300 million agreement with Iwa Green Energy to develop a 60-megawatt hybrid solar-wind power plant. The project marks a milestone in the country's drive to expand electricity generation through private financing while accelerating its transition to renewables.

What is Mauritania doing now?

Mauritania has just inked its first independent power producer contract which is a \$300 million agreement that was signed with Iwa Green Energy that will foresee the development of the 60-megawatt Mauritania Hybrid Solar-Wind Plant. Furthermore, the renewable energy project marks a milestone in Mauritania.

Who is Mauritania's first independent power producer?

Department of Communications and External Relations, [media@afdb.org](mailto:media@afdb.org)  
Mauritania has signed its first independent power producer contract, a \$300 million agreement with Iwa Green Energy to develop a 60-megawatt hybrid solar-wind power plant.

What is Mauritania's new power plant?

The project marks a milestone in the country's drive to expand electricity generation through private financing while accelerating its transition to renewables. The facility, scheduled to come onstream in September 2026, will boost Mauritania's installed capacity of about 450 megawatts.
