# Middle East Field Energy Storage Project

## Overview

---

Is Saudi Arabia a leader in battery energy storage?

Riyadh, February 14, 2025, SPA -- The Kingdom of Saudi Arabia has achieved a leading position among the top ten global markets in the field of battery energy storage, coinciding with the launch of the Bisha Project, which has a capacity of 2000 MWh and is one of the largest energy storage projects in the Middle East and Africa.

What is Middle East energy 2025?

Middle East Energy 2025 is set to redefine the narrative surrounding energy storage as a fundamental enabler of sustainability, energy access, and regional decarbonization. Over the next three days, Dubai will serve as a global hub for rethinking how energy is stored, delivered, and optimized for a net-zero future.

Why is Middle East energy launching a 49th consecutive year in Dubai?

“The continued organization of Middle East Energy for a 49th consecutive year in Dubai reflects international confidence in the emirate as a strategic centre for conferences and exhibitions, and reinforces its role in leading the global dialogue on energy security and sustainability,” stated Sheikh Ahmed.

What is the Middle East Energy Conference?

Complementing The Battery Show Conference, the broader Middle East Energy program unites over 150 thought leaders across five additional conferences: the Middle East Energy Leadership Summit, Technical Seminar powered by IEEE, Intersolar & ees Middle East Conference, Global Innovation Forum, and the Africa Business Leaders Forum.
