

Monaco Base Station Room EMS Standard

Overview

What is the Monaco fire & emergency service?

The Monaco Fire and Emergency Service was created on 9 June 1909, by Sovereign Ordinance no. 1778 of H.S.H. Prince Albert I. It constitutes the Military Force with the Palace Guards. Its duties involve:.

Should a fire and EMS Station serve as a model?

In each of these areas, the fire and EMS station should serve as the model for the community. As with any public or private facility, fire and emergency services stations are subject to theft, vandalism and violence. For staffed stations, these acts are most likely to occur when emergency response personnel are on a call.

Do EMS stations need a specific space?

Carve out specific spaces for specific uses Of course any EMS station needs adequate sleeping quarters, bathroom facilities and locker/changing rooms for both men and women - but consider what other activities happen at your station that you may not currently have a specific place for.

What is a fire department facility NFPA 1500?

NFPA 1500, Standard on Fire Department Occupational Safety, Health, and Wellness Program, defines a fire department facility as any building or area owned, operated, occupied or used by a fire department on a routine basis, that may include fire and rescue stations, training academies, and communication centers (see Figure 1.1).

Reconsider Your Alarms and Lighting, Especially at Night
Make Physical Fitness A Priority
Plan Ahead For Your Power Needs
Design Ambulance Bay Doors For Safety and Speed
Ventilate The Ambulance Bay
Build in Disinfection Capabilities
Provide Secure Drug Storage & Inventory Management
Another special space your station should include is a place for providers to exercise. Consider the specific workouts and equipment your providers are most likely to need and use. Where a firefighter might need to lift heavy weights, an EMS provider may be better served by a rowing machine, says Rodriguez. "All of our new stations have space for s
