

# **Muscat Cement Plant Uses Photovoltaic Folding Containers with Extra-Large Capacity**

## Overview

---

This work describes the implementation of concentrated solar energy for the calcination process in cement production. Approach used for providing solar energy includes the utilisation of a solar tower sy.

How will Oman Cement increase capacity and efficiency at Misfah?

MUSCAT: Oman Cement has outlined plans to raise the capacity and overall efficiency of its complex at Misfah in Muscat Governorate through a number of modernization and decarbonization initiatives.

How much cement can Oman produce a year?

Oman Cement currently has a capacity to produce 3.6 million tonnes of cement annually. Oman Observer is now on the WhatsApp channel. [Click here](#)  
MUSCAT: Oman Cement has outlined plans to raise the capacity and overall efficiency of its complex at Misfah in Muscat Governorate through a number of.

Who is Oman Cement Company?

Oman Cement Company is a company that has symbolized Oman's drive for self-reliance in core industries since 1983. It has given new strength to the construction industry, consolidated the nation's efforts for infrastructure development, and created resources to achieve self-sufficiency.

Will Oman Cement upgrade Line 3 of its existing plant?

As part of its ongoing modernization and capacity expansion efforts, Oman Cement is proceeding with the planned upgrade of the capacity of Line 3 of its existing plant.
