# New Delhi New Energy Battery Cabinet Decomposition

## Overview

---

Is indigrid launching a 20MW battery energy storage system in Delhi?

IndiGrid successfully launches 20MW Battery Energy Storage System (BESS) project in Delhi. by Team Small News | Apr 5, 2025 | Energy Storage IndiGrid, a leading infrastructure investment trust in India's power sector, has commissioned its maiden commercial battery energy storage system (BESS) project in Delhi.

Who commissioned India's first standalone battery energy storage system?

India's first commercial standalone battery energy storage system (BESS) project with a 20MW/40MWh capacity at the distribution company level and a tariff approved by the electricity regulatory authority has been commissioned by power sector infrastructure investment trust IndiGrid in Delhi.

Does indigrid have a battery energy storage system?

IndiGrid has announced the commissioning of the country's first regulated utility-scale standalone Battery Energy Storage System project.

How will Delhi's energy storage system help reduce power outages?

The government intends to replicate this model across Delhi to eliminate power outages, particularly during peak demand periods. The advanced energy storage system brings several benefits, including improved grid reliability, better power purchase efficiency, and seamless integration with renewable energy sources.
