

New York solar panel on-site energy manufacturer

Overview

Who is NY State solar?

NY State Solar caters to clients in New York City and the surrounding areas. It is an authorized NYSERDA contractor that designs and installs customized residential and commercial PV systems. It is also an authorized dealer of SunPower panels.

Where can I get solar panels in New York?

You can get almost any panel you like from Momentum Solar, including panels from companies like QCells, REC, and Silfab, to name just a few. Having the freedom to customize your system is a big plus in New York since the cost of solar equipment is so high in the state.

Who is the best solar installer in New York?

SunPower has been in the home solar business for more than 30 years and has become one of the solar industry's top installers. SunPower's premium systems are the most efficient you can get from any provider in New York, so they're ideal for getting the most out of the limited sunshine available throughout most of the state.

Who makes SunPower solar panels?

SunPower installs solar panels made by its sister company, Maxeon. The panels Maxeon makes have the highest efficiency ratings available on the residential market, which makes them perfect for squeezing every last drop of energy out of New York's limited sunshine.
