

# **New energy battery cabinet solar water cooling**

## Overview

---

Liquid cooling all-in-one solar battery storage system integrates advanced cooling technology with high-efficiency energy storage. 100kw 200kw lithium solar battery designed for seamless solar integration, it ensures stable performance, extended battery life, and safe operation. What is a Megatron 1500V Battery Cabinet?

MEGATRON 1500V 344kWh liquid-cooled and 340kWh air cooled energy storage battery cabinets are an integrated high energy density, long lasting, battery energy storage system.

Can a liquid cooled and air cooled cabinet be paired together?

Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid, hybrid, off-grid commercial/industrial or utility scale battery energy storage system. BESS string setup examples are:.

What is included in a battery cabinet?

Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS), HVAC thermal management system and auxiliary distribution system. Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box.
