# New solar panels in Ireland

## Overview

---

How much do solar panels cost in Ireland?

In 2025, the cost of solar panels in Ireland varies depending on your system size, battery choice, and home type. Most homes will pay between €5,200 and €9,000 for a standard solar PV system. Adding a battery typically increases the total cost to €10,000–€14,500, but may also boost savings over time.

Is Ireland a good place to install solar panels?

This article was last updated in January 2025 to include the latest insights and resources. When it comes to installing solar panels, Ireland is really starting to see the benefits. Due to this, we are forecasting big trends and shifts when it comes to equipping your home with solar energy.

Will Ireland see a rise in solar panels in 2025?

The solar panel industry in Ireland has only gone from strength to strength since its inception. However, in 2025, we'll see a rise in different types of solar panels installed in homes across the country. At Wizer, we know that there isn't a one-size-fits-all approach to solar panel systems.

What can I expect from a solar energy grant in Ireland?

The table below gives a general idea of what to expect based on your home size: In 2025, Irish homeowners can claim up to €2,100 in SEAI solar panel grants, making solar more affordable than ever. These solar energy grants in Ireland are available nationwide and help cover the cost of rooftop systems, especially for homes built before 2021.
