What are outdoor solar spotlights?

Outdoor solar spotlights are a type of lighting that uses the power of the sun to provide illumination. These lights are an eco-friendly and cost-effective alternative to traditional electric lights, as they do not require a power source and are powered by the sun's energy. Therefore, these spotlights help limit your reliance on utilities.

What is a solar spotlight used for?

The high-output light of the solar spotlight is excellent for lighting bushes, landscape features and small trees. Our warm white solar spotlight is specifically designed to look just like the low voltage lighting you'll find around commercial buildings, golf courses, and are great for uplighting trees!.

How many meters can a solar spotlight illuminate?

**YINGHAO Outdoor Solar Lights** One of these YINGHAO solar spotlights can illuminate about 15-20 meters of outdoor space, so it's a terrific option if you want to light up big areas or objects at a distance. The lights are designed with a darkness sensor that adapts to the brightness of your environment.
