## Overview

---

Will China build a 3 GW solar panel factory in Mandeure?

From pv magazine France Chinese PV module maker DAS Solar plans to build a 3 GW solar panel factory in Mandeure, in France's Doubs department. Vice President Shi Si announced the project during a recent press briefing organized by the Pays de Montbéliard Agglomération (PMA).

How much does Das solar cost?

€109M! DAS Solar to Opens Its First EU Factory in France PVTIME – DAS Solar, a leader in n-type PV technology, has announced plans to build a 3GW solar panel factory in Mandeure, Doubs, France, with production scheduled to start in 2025.

Who is Das solar France?

DAS Solar set up DAS Solar France in September to facilitate the project and aims to begin production by 2025. The company also plans to expand into the full PV supply chain, including solar cell manufacturing and subcontracting for cables, connectors, and wafers through partnerships with Chinese and local suppliers.

Why is Das solar launching a French factory?

Marking the 60th anniversary of diplomatic relations between China and France, the launch of DAS Solar's French factory is more than just an investment—it is a symbol of global cooperation and a model of synergy between Chinese innovation and European manufacturing.
