

WALMER ENERGY

Philippines grid-side energy storage cabinet wholesaler

Overview

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

What is the power grid?

The power grid is the high-voltage backbone system of interconnected transmission lines, substations and related facilities in Luzon, Visayas and Mindanao. The system operator, the National Grid Corporation of the Philippines, will provide central dispatch to grid-connected and embedded energy storage systems with material impact to the grid.

Are there opportunities in the Philippines for US energy storage systems?

There are opportunities in The Philippines for U.S. suppliers of energy storage systems. The Philippine Government continues to state its goal to be energy self sufficient as mounting energy challenges loom. The Department of Energy (DOE) is looking into utilizing renewable energy, and modernizing and deploying an efficient grid system.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.
