

WALMER ENERGY

# Pretoria Energy Storage Industry Investment Project

## Overview

---

This first grid-scale private sector energy storage programme in South Africa was launched on 7 March 2023, and is a critical measure to assist in increasing the available grid capacity in the Northern Cape Supply Area through the utilisation of energy storage. Does Scatec have a solar-plus-storage site in South Africa?

Scatec's Kenhardt solar-plus-storage site in South Africa (above), which went online at the end of 2023. Image: Scatec. Africa's energy storage market has seen a boom since 2017, having risen from just 31MWh to 1,600MWh in 2024, according to trade body AFSIA Solar's latest report.

What are the most popular solar-plus-storage developments in Africa?

As noted by AFSIA Solar, one of the most notable solar-plus-storage developments in Africa is Norway-based independent power producer (IPP) Scatec's 225MW/1,140MWh Kenhardt project in South Africa. The site started operation in late 2023 (pictured above).

Who is involved in the Energy & Storage Summit?

Co-located with: Sponsors, commercial providers, support the summit to promote their products and services to a targeted audience of potential clients. Whether buyers or commercial professionals, join as delegates to gain insights, network, and explore the latest energy and storage solutions.

Is solar PV a focal energy resource for Africa?

Solar PV, which, as reported by our colleagues at PV Tech in their write-up of the AFSIA report, reached 19.2GW in 2024, increasing by 2.5GW on 2023 levels, is becoming the focal energy generation resource for Africa.
