

# **Qatar Liquid Cooling Energy Storage Operation Company**

## Overview

---

What is qatarenergy LNG?

QatarEnergy LNG is an integrated LNG company which forms part of a value chain that runs from well-head, off the coast of Qatar, to our consumers around the world. QatarEnergy LNG's offshore operation facilities are located approximately 80 kilometers north east of Qatar's mainland.

Who owns Qatar Cool?

Qatar Cool is owned by The United Development Company (UDC) as the majority shareholder. It is the leading district cooling company in Qatar.

Does Qatar have a cooling system?

Yes, all eight World Cup stadiums in Qatar have cooling systems. Although they don't all operate as conventional air-conditioning systems.

Why should you choose Qatar Cool?

Qatar Cool offers district cooling, which reduces greenhouse gases (GHG) and pollution compared to traditional cooling methods. They also take additional steps to minimize their environmental impact, such as building cooling plants to LEED certified standards and implementing company-wide reduction strategies.
